Description	Morning Adventure to Annecy Your day begins in the enchanting town of Annecy, often referred to as the “Venice of the Alps.” With its winding canals, pastel façades and mountain views, the old town offers one of the most picturesque settings in the region. Your visit starts with a 45-minute guided tour through its historic heart. You will discover highlights such as the Palais de l’Île, a former prison and courthouse that seems to float on the Thiou River and has become the city’s most iconic landmark. Your guide will also introduce you to the Église Saint-François de Sales, a peaceful baroque church closely linked to the history of the Saint-François Order. As you continue through the medieval lanes, you will walk along Rue Sainte-Claire, famous for its arcades, artisan boutiques and centuries-old architecture. Above the town, the Château d’Annecy stands proudly on its hilltop, and your guide will explain its role in the region’s history as the former residence of the Counts of Geneva. After the guided portion, you will enjoy free time to explore Annecy at your own rhythm. Whether you choose to browse the lively markets, visit the museums, enjoy local gastronomy, or walk along the crystal-clear lake, Annecy offers endless charm. Its cultural heritage and breathtaking scenery have earned it the prestigious “Art and History” label. Discover Geneva in the Afternoon After returning to Switzerland, the tour continues with an exploration of Geneva. You will begin in the International District, a world-renowned center of diplomacy. As you travel through this emblematic area, you will pass the Palais des Nations, the United Nations’ European headquarters, where you will have a brief photo stop to admire this significant site along with the striking Broken Chair monument. Throughout the district, you will see several major institutions that contribute to Geneva’s global influence, including the World Health Organization, the International Labour Organization, the World Trade Organization, the World Meteorological Organization and the headquarters of the International Committee of the Red Cross. The tour then leads you toward Geneva’s lakeside landmarks, including the majestic Jet d’Eau and the celebrated Flower Clock, symbol of the city’s watchmaking tradition. Depending on the season, you will continue your experience either aboard the charming Old Town mini-train or on a guided walking tour. This part of the visit reveals the city’s most historic neighbourhoods, including St. Peter’s Cathedral, the Maison Tavel—Geneva’s oldest house—the Reformation Wall in Parc des Bastions, the elegant banking district, the lively Bourg-de-Four square and the refined shopping streets that complete the city’s character. Two Experiences in One Day This full-day excursion combines the serene beauty and rich heritage of Annecy with the cultural depth and international prestige of Geneva, offering a complete and memorable experience in a single day.
